

- Color Search - look for a certain color of objects in a room.
- Color Table - set up a table with a specific color cloth and have your children find items of that color to place on the table.
- Color Box - same as above but the items are placed in a colored box.
- Fishing - have your child fish for a certain color of paper fish, using paper clips on the fish and a pole with a magnet on the end.
- Color Puzzles - Cut a large shape out of a heavy piece of colored paper. Then cut the shape into 4-8 pieces. Have your child put the pieces back together.
- Button Jar - have your child guess how many buttons there are in the jar of a certain color. Dump out the buttons, and have your child sort and count them.
- Color Cars - when riding in a car, search for cars of a certain color.
- Color Toss - toss a bean bag at color squares and try to land on a given color.
- Color Squares - cut out squares of different colors, have your child sort out a specific color of square.
- Color Shades - get paint shade cards, two of four to five different colors. Have your child find the matching cards of a specific color.
- Colored Eyes - count the number of people in your house with a specific eye color.
